Study plan
The Study Plan contains a list of courses that students must complete during their studies.

Students must obtain **at least 180 ECTS** to complete the bachelor's degree programme. At the same time, it is necessary to pay attention to the **Study and Examination Regulations**, which say that:

- To enrol in the next semester, every student is obliged to obtain at least 20 ECTS per semester or 45 ECTS in two previous semesters together.
- At the same time, the student is obliged to complete all repeated courses enrolled in the current semester successfully.

Students have to pass the following types of courses:

Compulsory courses
During their studies, students are obliged to complete all courses listed in the table below. Students verify their completed courses using control templates in the IS MU (Student - During studies - Check my studies).

Selective courses
Students select from the table of selective courses so that they complete courses of at least 40 ECTS during their studies.

Physical education
During their studies, students are obliged to complete 2 ECTS from Physical education courses whose list is available here: **https://www.fsps.muni.cz/en/study/physical-education-for-all-students**.

Elective courses
Students enrol in elective courses up to the required minimum number of 180 ECTS. They may choose from courses offered by any faculty. The **list of elective courses** is to be found **here.** Please note that in the list, students may find courses that are compulsory in their study programme. In such a case, they have to choose another elective course. Also, they have to make sure to search for courses in the correct term and read the information about the course to make sure that the level of the course corresponds to their study level.

Information about studies
Students are obliged to study the **Students** section on the ECON MUNI website, which is full of essential information about their studies.
