

The ACCA logo is a red square with the letters 'ACCA' in white, bold, sans-serif font. The background of the entire page is a night-time photograph of a city skyline with several tall, modern skyscrapers. In the foreground, there is a long-exposure photograph of a multi-lane highway and a central transit track, with light trails from cars and trains creating a sense of motion and energy. The sky is a deep blue, and the city lights are visible in the windows of the buildings and on the road.

ACCA

ACCA Advanced Diploma in Accounting and Business

Our fast-changing, digital world needs forward-thinking finance professionals: people who can innovate and lead positive change wherever they work, who work to the highest professional and ethical standards, and who see a bigger and better picture. If this sounds like the kind of professional you want to become, then ACCA is for you.

Think Ahead

The Advanced Diploma in Accounting and Business combines all the Applied Knowledge and Applied Skills exams of the ACCA Qualification, plus the Ethics and Professional Skills module. Achieving this qualification along-side a university degree will make you a graduate part-qualified accountant. This would open up opportunities across a variety of sectors.

Applied Knowledge

You'll gain a broad understanding of essential accounting techniques such as effective business operations, management accounting and financial accounting.

Applied Skills

You'll develop the strong technical skills that are part of the strategic finance professional's toolkit – including taxation, financial reporting and audit.

Ethics and Professional Skills module

You'll also need to complete our **Ethics and Professional Skills module (EPSM)**. This interactive module puts you in the role of an accounting in a range of real-world scenarios. You'll develop critical professional workplace skills such as problem-solving, communication and negotiation.

Advanced Diploma in Accounting and Business

Applied Knowledge exams

- Business and Technology
- Financial Accounting
- Management Accounting

Applied Skills exams

- Taxation
- Performance Management
- Audit and Assurance
- Corporate and Business Law
- Financial Reporting
- Financial Management

Ethics and Professional Skills module (EPSM)

Develop the skills needed to become a trusted finance professional in today's digital world.

Your existing qualifications could count towards your Advanced Diploma

Your degree may entitle you to ACCA exemptions from some of the exams within Applied Knowledge and Applied Skills. Or you may have passed previous exams with ACCA. In order to achieve the Advanced Diploma in Accounting and Business, you'll need to take at least two of the Applied Skills exams in addition to the Ethics and Professional Skills module.

About ACCA

For more than 115 years, we've been helping ambitious, talented people like you to build exciting and rewarding careers, all over the world. Studying with ACCA means you can learn in your own way, at your own pace, take exams when it suits you, get access to 24/7 support, and if needed, get help with English language and maths support.

REGISTRATION

The Advanced Diploma is part of your ACCA Qualification journey and as a registered student, once you achieve the relevant requirements, your Advanced Diploma certificate is available through your myACCA portal through self-service download.
