

TRANSPORTATION

The Brno Public Transport Authority (DPMB) introduced their new on-line check-in system www.brnoid.cz, which you can use to purchase tickets for Brno Public transport from **October 1, 2020**.

This system connects your electronic ticket to your contactless payment card (or to an anonymous card which you can buy at DPMB office) so there is no need to get a new ticket every year or to prove your entitlement to a student discount personally in the office.

Creating your account at www.brnoid.cz is very simple. Verification of identity can be done by uploading your ID card and ISIC to your profile. The student status will be also verified online. It will be valid for the entire period of study at the university thanks to the continuous online verification. However, you can only obtain a discount if you are a full-time student!

You can buy a ticket after you sign up and verify your ID and ISIC card in the system. When a ticket inspector checks the validity of your ticket, you use your contactless card as if you were paying in a shop. The travel inspectors are not be able to see the amount of money you have on your bank account; they can only see whether your ticket is valid.

Please note that:

- The discount applies only to students aged 18 - 26 who are enrolled in a full-time study programme in the Czech Republic.
- The discount applies from the day of enrolment, but not before September 1.
- The discount expires on student's 26th birthday or on the day of graduation regardless of the validity of the subscription ticket.
