

CHILL ROOM

T E X T D E S I G N

WHAT IS OUR CHILL ROOM LIKE?

A place where relaxation combines entertainment. It reflects diversity, playfulness and cheerful mood. It is a space for students to take a break, rest their minds and catch up with their friends.

WHAT CAN BE FOUND HERE?

Everything you need to have fun and relax. Get comfortable in the bean begs or just sit on the fine carpet and place your coffee or laptop on the coffee table. There is also table football which is a part of every proper chill room. As part of the building modifications we plan to paint the walls white.

WHY CHILL ROOM?

As students, we spend long hours sitting at desks and solving equations. Therefore, we cannot imagine a better use for this empty room than creating a space for well-deserved rest.
